

# Frontal 3D Lettering Proposal

**Proposal:** To install 3D lettering above the awning on a flat space (originally used for a frontal sign) The letters will serve the purpose of not only adding more character to the restaurant, but to Remsen St. as a whole. Also using 1/2" trim wood to add accents to large blank areas of the decorative trim. All this can be removed with no damage to original trim.

**Sign/Design Material:** Painted Wooden Letters - Painted Wooden "Diamond" shape

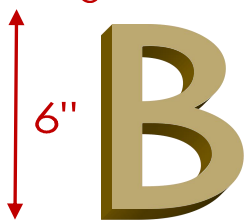

**Mounting:** Nailed in place with thin / headless finishing nails (*nails will not be able to be seen from street*)

**Colors:** Antique Yellow - In Gloss Exterior Paint

**Font Style:** Tw Cen MT

**Illumination:** None
